

MPU

Travel is something to consider when choosing a prosthetist...Our prosthetist comes to **YOU** with our **MOBILE PROSTHETIC UNIT! (MPU)**

We have a fully-equipped van to serve your patient in hospitals, skilled nursing and rehab facilities, as well as in their home!

Our MPU enables us to provide on-site fitting and adjustments which improve prosthetic turnaround, ease the patient's transportation needs and provide a convenient solution for their prosthetic care.
